

STERILE, RELIABLE AND HANDY

SWABS ARE GUARANTEED STERILE-PACKED, SO WHEN THEY ARE UNPACKED THERE IS NO 'CONTAMINATING' MATERIAL ON THEM. THIS MEANS THEY ARE 100% RELIABLE FOR ANY KIND OF RESEARCH INVOLVING THE REMOVAL OF HUMAN MATERIAL. THE PADS OF COTTON-WOOL ARE ATTACHED TO A PLASTIC OR ALUMINIUM STEEL MADE OF RAYON. IF WISHED, THEY CAN BE PROVIDED WITH A MEDIUM (CARBON) FOR ALLOWING BACTERIA AND SUCH TO GROW OR ELSE TO INHIBIT BACTERIAL GROWTH. SWABS ARE AVAILABLE IN A PEEL-PACK OR UNBREAKABLE TUBE.

APPLICATIONS

SWABS ARE EXCEPTIONALLY SUITABLE FOR REMOVING HUMAN MATERIAL FOR RESEARCH. SWABS ARE USED FOR MANY STUDIES AND TESTS. FOR RULES AND FULL PACKAGING INSTRUCTIONS FOR SENDING DIAGNOSTIC MATERIAL CONSULT WWW.DAKLAPACK.COM
